

TROOP Rugged Mutts

YOURS, MINE & OURS

SHARING IS CARING

Teaching important skills can be fun. Create a game of fetch or tug with your dog. It should have a minimum of three steps or behaviors before a reward by the time it is done.

HOW TO PLAY

List the training steps to teach the game and share a video of you and your pet playing that is 60+ seconds long.

SHARE WITH US

Go to the Rugged Mutts site, submit an your directions and video and we will add your patch to your triannual troop report.
